Fire Marshal Appointed

In January, Council approved the appointment of Richard Wagner as Fire Marshal of McCandless. Rich has a broad background, education and experience in fire prevention and interpretation of ordinances relative to safety and building codes. He has been busy inspecting commercial buildings and institutions for compliance with Town and State Codes. He reports his visits have been welcomed by owners and occupants. Although his primary duties do not include inspection of

single-family dwellings, Rich will visit residences of this type, upon request, to offer advice on fire prevention/protection in the home by calling the Fire Marshal's office at 364-0616.

Rich recommends residents place "TOT-FINDER" stickers on windows of rooms occupied by children, elderly and handicapped persons. (Stickers are available, at no cost, at the Town Hall or any of the Town's three fire companies.) Firemen look for these "indicators" immediately when arriving at the scene of a fire. The Fire Marshal asks all residents to display house numbers in a conspicuous manner. Numerals on mailboxes or on front of residences are recommended.

Police Warn Against Discharging Firearms

Recently there have been several complaints received by the Police Department regarding vandalism caused by BB guns, pellet guns, air rifles and similar type weapons. In addition, there have been several injuries reported; these being caused by youths in the area using these types of weapons.

The Police Department wishes to inform all parents that the discharging of any type of firearm which includes BB and pellet type guns is prohibited in the Town of McCandless. A fine of up to \$100.00 can be levied against anyone violating the firearm ordinance or persons under the age of eighteen can be charged with a violation under the Crimes Code of Pennsylvania.

The Police Department is making you aware of this information so that the use and availability of these types of weapons can be controlled by the parents.

Any parent having any questions regarding BB guns, pellet guns or air rifles can contact the Police Department at 364-2250.

Building Permit Information

WHEN PERMIT IS REQUIRED: It is unlawful to construct, enlarge, alter or demolish a structure; or change the occupancy of a building or structure requiring greater strength, exitway or sanitary provisions; or to change to

another use; or to install or alter any equipment for which provision is made or the installation of which is regulated by code, without first filing an application with the building official in writing and obtaining the required permit.

WHEN PERMIT IS NOT REQUIRED: Ordinary repairs to structures may be made without application or notice to the building official; but such repairs shall not include the cutting away of any wall, partition or portion thereof, the removal or cutting of any structural beam or bearing support, or the removal or change of any required means of egress, or rearrangement of parts of

a structure affecting the exitway requirements; nor shall ordinary repairs include addition to, alteration of, replacement or relocation of any standpipe, water supply, sewer, drainage, drain leader, gas, soil, waste, vent or similar piping, electric wiring or mechanical or other work affecting public health or general safety.

Residents are reminded that a permit is required for: inground swimming pools, tennis courts, parking lots, signs—8 sq. ft. or larger, fireplaces and any type of fences. Permits are *not* required for patios on grade or portable buildings—100 sq. ft. or less—without a paved floor.

Devlin Memorial Park

A recreation area adjacent to the Town Hall was provided for use by McCandless residents. It includes tennis and basketball courts; a children's playground and ballfield. Use of the ballfield is by permit only. (Two Little League associations have permits for its use through mid-July.)

Rules governing the use of Devlin Memorial Park include:

1. Application for ballfield permits must be submitted to the Town Manager's office. Definite playing schedules are required and must be submitted at that time. No blanket type requests will be considered.
2. Facilities are not available for use by profit-making organizations.
3. The ballfield is for McCandless

residents use free of charge. For intercommunity activities involving 50% to 90% Town residents a permit fee of \$75 is charged. Noncommunity groups may schedule use (under special circumstances when benefits will be received by the Town) after applying for, and receiving, a \$150 permit.

4. Gambling, including sale of tickets of chance and solicitation of donations in exchange for a ticket of admission are prohibited on Town property. Possession or use of alcoholic beverages or drugs is also prohibited.
5. All debris must be removed immediately following the use of any facility.
6. Facilities are available from 8 AM until dark.

Dep't of Public Works "Doings"

Last winter's weather kept D.P.W. personnel very busy controlling snow and ice on 82 miles of Town roads and 13 miles of State roads. Over 3,800 tons of rock salt (sodium chloride), 30 tons of calcium chloride and 700 tons of cinders were used in clearing and controlling ice and snow. Cost for manpower, material and equipment approximated \$170,500. The Town expects a State reimbursement of about \$11,000 for work done on State roads.

Planned road maintenance in 1981 includes the reconstruction of 1 mile of roads and resurfacing of 3 miles. This work will be done by outside contractors. D.P.W. crews will continue to patch potholes and repair berms.

Two new diesel-powered 10-12 ton dump trucks were acquired in June, replacing equipment purchased in 1976. The new trucks are expected to use less than one-half the amount of fuel as those replaced. A 1968 backhoe/loader was also replaced by a new Case 680-G.
